25 July 2019

Dear Parents/Carers,

Living Eggs

As part of our Science and Human Society and Its Environment units this year we have organised for 'Living Eggs' to come to the school for KD & KJ.

The eggs will arrive at school on Monday 29 July and will remain here for two weeks. During this time the students will undertake various investigations including the needs of chickens, the collection and analysis of data about how long the chicks take to hatch, the colouring of the eggs and chicks and other investigations decided upon by the students. The chickens will also provide a stimulus for various English activities.

At the end of the two weeks the chickens will be returned to a farm, however, we are usually given the option if we would like to keep any. Would you please inform us as soon as possible if you would like to keep any of the hatched chickens and we will enquire whether this is possible.

The cost of this very worthwhile program will be \$11 per student. Please pay online or return payment by Friday, 2 August in an envelope clearly marked with your child's name, class and 'Living Eggs'.

Kind regards,

Nick John & Kim Dobson
Class Teachers

Annette Wein
Principal

✂.....

Living Eggs

My child _____ of class _____ will be participating in 'Living Eggs'.

Enclosed is the sum of \$11.00 for this program.

I have paid online and my receipt number is _____

Parent name _____ Date _____

Parent signature _____

I may be interested in having _____ chicks at the end of the two weeks and understand there is a "no return, once taken" policy. I will confirm the details with my child's class teacher by Wednesday 31 July.
