27 May 2022

Dear Parents/Carers

VOLUNTARY CONTRIBUTION 2022

The school voluntary contributions are now due. These funds play an important part in supplying your child/ren with the necessary resources that support quality teaching programs.

The school will offer two funds into which you may contribute. You have the option of contributing to either or both funds. The funds are:

1   **General Fund – not tax deductible.** This fund allows the school to provide for as many resources as possible not covered by the library fund. Some examples are general classroom requirements and sporting equipment.

2   **Library Fund – tax deductible.** This fund allows the school to provide library and associated classroom resources. Some examples are home readers, computer hardware and software, teaching aids and audiovisual equipment.

Suggested contributions, as listed below, remain unchanged from the previous ten years.

1 child attending	$70.00
2 children attending	$80.00
3 children or more attending	$90.00

Please provide your receipt number on the attached form if you are making your payment online.

Your involvement and support of Alfords Point Public School directly improves the school's facilities available to educate your children today, tomorrow and in the future.

I urge you to complete and return the attached slip with your voluntary school contribution as soon as possible. The school thanks you in anticipation of your support in this matter.

Annette Wein
Principal
